### Other Features

**Outstanding Academic Titles, 2008.** *Choice*, v.46, no. 05, January 2009.

Every year, *Choice* subject editors single out for recognition the most significant print and electronic works reviewed in *Choice* during the previous calendar year. Appearing annually in *Choice's* January issue, this prestigious list of publications reflects the best in scholarly titles and attracts extraordinary attention from the academic library community. The 2008 feature includes 679 titles in 54 disciplines and subsections.

In awarding OUTSTANDING ACADEMIC TITLE status, the editors apply several criteria to reviewed titles:

- overall excellence in presentation and scholarship
- importance relative to other literature in the field
- distinction as a first treatment of a given subject in book or electronic form
- originality or uniqueness of treatment
- value to undergraduate students
- importance in building undergraduate library collections

The list cites only bibliographic information. The number and publication issue of each review are also provided to assist readers wishing detailed evaluations of the titles.

In publishing the OUTSTANDING ACADEMIC TITLES feature, *Choice* acknowledges and honors the authors, editors, and publishers of these works for their vital contribution to the scholarly endeavor.
